June 15, 2007

To Whom It May Concern:

I am seeking a position in Higher Education in the field of Art or Communication dealing with video, lighting, and sound. My M.S. in Technology Education for Higher Education has fully prepared me to be an educator, and reinforced my career interests that run parallel with your requirements. I have 10 years video and television experience and manage my own video production company, "Roaring Brook Productions, LLC".

I am particularly interested in a position with you because of my educational and technological background in video filmmaking, time-based media and video art as a visual fine art form. I feel my technological experience would be an asset to the Video Filmmaking program and I would work well with your team. Recent examples of my work include "I Know The Way!", which has just been accepted for publication in "Aspect - the Chronicle of New Media Art" due out in August or September, www.aspectmag.com and The Cat & The Crow, which was exhibited at the Aldridge Museum of Art, Ridgefield, CT.

My success in the past has stemmed from my strong commitment and sense of professionalism. I keep high standards for my work and am known for my ability to follow through. Diversity and dedication as a team player are strengths I possess. The knowledge I have of art related technology is broad, solid, and strong and I would like to put it to good use at your Institution.

Attached you will find my CV and Teaching Philosophy for your review.

I look forward to the opportunity to meet with you for an interview to discuss our mutual interests. You may reach me by phone to arrange for an interview: 203-733-8827 or through my email: robrpro@yahoo.com

Sincerely,

A handwritten signature in black ink, enclosed in a hand-drawn oval. The signature is cursive and appears to read "Thomas N. Toomey".
